COVID-19 UPDATE

Hawaii State and County Resources re: COVID-19

How is COVID-19 affecting business and legal services in Hawaii? Except for essential services, most offices are closed to physical visits but are providing on-line or by-appointment services. The law firm of Bays Lung Rose Holma remains up and running and here to serve you. Many governmental agencies and the courts remain in operation as well.

We recommend proceeding with your business as best you can during this period. Withholding transactions, court proceedings, or other matters now, then submitting them to the agency or Court all at once when circumstances get back to normal, will only overburden them and risk negatively impacting performance as we all work to recover.
